An extraordinary ministry of the people of the United Methodist Church, putting our faith into action to end preventable deaths by malaria in Africa. This preventable and treatable disease, transmitted through the bite of a mosquito, claims nearly 500,000 lives a year. *Imagine No Malaria* is an initiative of the United Methodist Church to raise \$75 million to end preventable deaths from malaria in Africa. The South Carolina Annual Conference has pledged \$1 million. Throughout the month of April, FUMC will be receiving donations towards this campaign to end Malaria in Africa. Please give.

 ...They Have to Be Driven

Students meet at the church to load up and go to an "unknown destination" where they will experience worship, have a lesson, or play a game to put them right into a Bible story.

Think of these as grown-up object lessons that bring the Bible to life for students. A drive of just a few minutes can engage & affect your youth group in settings such as – a river bank, a clock tower, or maybe a jewelry store.
